RE-ADVERTISEMENT

FARM MANAGER, JOB GROUP J

The Nyandarua National Polytechnic seeks a qualified farm manager. The farm manager reports to the Deputy Principal- Administration and is responsible for the management of farm resources and assets and maximize their use to generate income to the institution in order to enhance its value.

Duties and Responsibilities

- i. Plan and budget for farm activities to ensure timely and cost effective implementation of farm activities minimizing wastages.
- ii. Set and implement farm policies to ensure maximum farm productivity.
- iii. Maintain appropriate stocking/cropping ratios to ensure sustained seasonal production by avoiding oversupply and minimize strain on resources.
- iv. Oversee teams on operations to produce relevant information.
- v. Monitor contractors to ensure cost effective service delivery.
- vi. Control diseases through movement restriction, acaridae/Ector parasite application and deworming to limit disease spread.
- vii. Manage pastures/feed to ensure animal nutritional demands are met and reduce wastage.
- viii. Record farm activities and processes for effective monitoring of herd and crop performance.
- ix. Confirm treatment compliance to ensure efficient crop and animal treatment.
- x. Ensure safety in handling of chemicals to minimize risk of intoxication and wastage.
- xi. Market produce to ensure reduced wastage of the harvest and get the best prices.

Qualifications Knowledge and Skills:

- i. Diploma in farm management or related field from a recognized Institution
- ii. Livestock and crop husbandry skills
- iii. Knowledge on relevant ICT skills.
- iv. Three (3) years relevant experience from a reputable organization.
- v. Experience in agribusiness will be an added advantage
- vi. Compliance to Chapter Six of the constitution

In compliance to article six (6) of the constitution of Kenya, the applicant should provide:

- i. Valid certificate of good conduct
- ii. Tax compliance certificate
- iii. HELB clearance
